GENERAL.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 3rd September 1883.

READ—

Annual Report on Vaccination in Mysore for 1882—83.

No. 3168-77—63, DATED BANGALORE, 3RD SEPTEMBER 1883.

ORDER THEREON.—The Report of the Brigade-Surgeon shows clearly that vaccination has still to be appreciated in Mysore. Out of a population according to the Census of 1881 of 4,186,188, the number vaccinated in the year both under the head "Primary" and "Re-vaccination" was only 103,607, barely 25 per mille, and as the check by way of inspection of the work performed by the Vaccinators is extremely inadequate, it may be fairly doubted whether even this small result was really achieved. The District and Taluk higher authorities have it in their power to minimize the errors in the returns by checking the Vaccinators' registers by personal enquiry and occasional inspection of the patients in their frequent tours. This is seldom done by the Deputy Commissioners and the Amildars often depend upon the reports of the Shekdars and village officials. The Dewan trusts that greater attention will be paid to this work by the Revenue authorities.

2. The permanent establishment during the year was of the strength of the year previous, 82 Vaccinators: 4 temporary hands were entertained for a few months only, from pressure of work in Closepet, Kankanhalli, Kadur and Shimoga where small-pox prevailed to an unusal extent. The expenditure, being the pay and travelling allowance of the Vaccinators, amounted to Rs. 11,049—5—2, all paid out of the State revenue. The Dewan is of opinion that this charge may legitimately be borne by District Funds and provision has therefore been made accordingly in the Bill amending the existing law relating to the administration of these funds. This measure will secure adequate inspection of, and check over, the Vaccinators' return.

3. The Municipality of Bangalore have two Vaccinators for the town and a female Vaccinator was added about the end of the year. The average number vaccinated by each was only 432·66 which compares very unfavorably with the work of the Vaccinators in the District where the lowest average was 951·55. Again the cost of vaccinating each successful case in the Municipality was 3 annas 7 pies, while the cost in the District is between 2 annas 5·93 pies in the Shimoga District and 1—11·16 in the Hassan District. This point calls for explanation.

4. The operations of the Dispensary vaccination in the Province were very limited; there were only 1,245 cases, of which the successful were only 311, a very poor result which the Brigade-Surgeon explains as probably due to the fact that it was not accurately ascertained.

5. It would be interesting to know the number of deaths from small-pox of persons who had been vaccinated and the number who had the small-pox in spite of vaccination. Statistics under these heads would probably be difficult of collection and might not be reliable.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 3rd September 1883.

From Major H. R. Thuillier, R. E., Deputy Superintendent, Survey of India, in charge Mysore Topographical Survey, To the Secretary to the Dewan of Mysore, No. 106, dated Bangalore, 13th June 1883.

I have the honor to submit for the information of the Dewan, the following Report of the progress of the Topographical Survey of the Mysore Province during the season 1882—83.

2. During the year the establishment was augmented by two European Surveyors, and the operations were divided into two classes, *viz*, triangulation and detail surveying. The object of the former was to fill up a gap in sheets 51, 52, 53, 54 and 67 and so prepare that portion of ground for the detail survey, someof which it was anticipated would be undertaken during the ensuing season 1883—84. The area of this new triangulation, which was executed by a detachment under one of the senior Surveyors, Mr. L. Pocock, is about 2,500 square miles and is colored green in the accompanying index map. It will be seen that there is a very small portion of this class of work now remaining in the Province to be executed, *viz.*, the uncolored portion to the extreme east of the Province in the Kolar District.

3. The bulk of the establishment was employed on the detail survey, in which considerable progress was made. The index map attached shows the present state of the survey distinguishing the work of the past season from that previously done. The topography completed during 1882—83 (colored brown) comprises an area of 4,639 square miles in the Districts of Shimoga, Tumkur (late Chitaldroog) and Mysore, by which the materials for the following standard sheets are complete, and they will be prepared for publication during the present recess; sheets 1, 2, 4, 5, 6, 7, 8, 9, 12, 13, 55 and 56.

4. The usual statistical table is appended, giving the out-turn and cost of the survey up to date. The mileage rate however of the present year's work is approximate only.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 3rd September 1883.

No. 3178—213, DATED BANGALORE, 3RD SEPTEMBER 1883.

ORDER THEREON.—The work of this Department is drawing to a close, the triangulation is all but complete, there remaining only a very small bit of the Kolar District in the extreme east. The Department will thus employ its entire strength in the future seasons in the work of detail survey which, judging from the large * extent of ground gone over in the year under review, may, it is hoped, be completed in two or three years.

* 4,639 square miles.

2. The Dewan observes with satisfaction that the cost per square mile of the detail survey in 1882—83 is Rs. 18—5—0 as approximately against Rs. 28—9—6 the average of the previous year.

3. For administration reasons it is desirable to take up during next field season the detail survey of sheets Nos. 51, 52, 53, 59, 60 and 61, and, if possible, Nos. 64, 65 and 3. This will of course be in addition to the topographical survey of the towns of Mysore and Bangalore on a large scale which the Deputy Superintendent has already been requested to undertake. Major Thuillier will also be requested to expedite the issue of maps for Nos. 7 and 8, which will be found very useful in connection with the allignment of a railway towards Harihar.

4. The Dewan has great pleasure in recording the thanks of the Mysore Government to Major Thuillier and the officers under him for the considerable quantity of careful work done during the year under review.

R. VIJAYINDRA RAO,
Secretary.

To—The Deputy Superintendent, Survey of India,
in charge of Mysore Topographical Survey.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 6th September 1883.

No. 3205-14—64, DATED BANGALORE, 6TH SEPTEMBER 1883.

ORDER.—Previous to the recent reduction of Taluks, the number of Amildars in each grade was as follows:—

3	in the 1st grade	on Rs. 250.
9	in the 2nd do	200.
12	in the 3rd do	175.
18	in the 4th do	150.
27	in the 5th do	100.
Total 69		

2. At present there are only 60 Taluks, and it is therefore necessary to revise the scale of Amildars in each grade, so that while on the one hand a due provision for promotion of deserving officials is maintained, there might, on the other hand, be incurred no needless cost on account of the total number required.

The following scale is accordingly fixed for future adoption:—

1st grade	2
2nd do	8
3rd do	11
4th do	16
5th do	23
Total	60

3. The following appointments and promotions of Amildars are accordingly ordered:—

A. Raghavendra Rao, Amildar of Seringapatam, from the 3rd to the 2nd grade.

A. Tirumal Rao, Amildar of Kankanhalli,
D. Venkataramanaiya, Amildar of Gubbi,
Venkatachar, Amildar of Attikuppa,
Virasami Mudahar, Amildar of Sidlaghatta,
Narasanna, Amildar of Channagiri,
} from the 4th to the 3rd grade.

Lingappa, Amildar of Sagar,
Mahabal Rao, Amildar of Dodballapur,
Venkatappaiya, Amildar of Goribidnur,
B. Gopalaiengar, Amildar, employed in the Revenue Survey Department,
} from the 5th to the 4th grade.

B. Ramaswamaier, B. A., Supernumerary of the Dewan's Office and Acting Amildar of Chintamani, to be Amildar of the 4th grade.

Ahmed Ali, Acting Amildar of Holalkere,
Syed Amir Hasan, Acting Amildar of Maddagiri,
Setu Rao, Acting Amildar of Kadur,
Sitaramaiya, 1st grade Deputy Amildar of Maddur,
} to be Amildars of the 5th grade on probation *subs pro tem.*

4. The following promotions of Amildars (*subs pro tem*) during the employment of Krishnaiengar as Officiating Revenue Assistant Commissioner, are ordered:—

N. Narasimmaiengar, Amildar of Mandya, from the 3rd to the 2nd grade.

D. Shama Rao, Amildar of Bangalore, from the 4th to the 3rd grade.

K. Ramaswamaiengar, M. A., Supernumerary of the Dewan's Office and Acting Amildar of Mysore, to be Amildar of the 4th grade.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (General),—dated 6th September 1883.

5. The constant travelling required of an Amildar in the discharge of his duty entails upon him the necessity of maintaining additional servants upon his establishment, as well as one or more carriages and a pony. An Amildar of the 5th grade finds it difficult to provide these necessaries out of his monthly pay of Rs. 100, and as Government desire to make him thoroughly independent of all local aid in his official tours, a fixed travelling allowance of Rs. 20 per mensem is sanctioned to every Amildar of the 5th grade. The same considerations also induce the Government to sanction a fixed travelling allowance of Rs. 15 per mensem to each Deputy Amildar.

6. Many Amildars employed in the Malnad Taluks of the Province have applied for transfer to the healthier Maidan Taluks. Some of them are entitled to this consideration by reason both of long previous service in the Malnad and of recent illness. Amildars who have long been employed in Maidan Taluks or who recently obtain promotion should in the interests of the service be required to take their turn of Malnad service. The following transfers of Amildars are accordingly directed :—

1. Velayudham Pille, from Chikmagalur to Tiptur, *vice* Ibrahim Bég deceased.
2. D. Venkataramanaiya, from Gubbi to Chikmagalur.
3. Hema Hanumantaiya, from Chiknayakanhalli to Gubbi.
4. M. Ramaswamaiya, from Sorab to Chiknayakanhalli.
5. D. Venkatappaiya, from Goribidnur to Sorab.
6. K. Shamaiengar, from Manjarabad to Goribidnur.
7. N. Narasimmaiengar, from Mandya to Manjarabad.
8. K. Mahabal Rao, from Dodballapur to Mandya.
9. Sitaramaiya, from Maddur to Dodballapur.
10. Kuppusami Naidu, from Challakere to Múdgere.
11. Gundappa, from Múdgere to Challakere.

These transfers should be effected forthwith.

7. N. Krishnappa, 2nd grade Deputy Amildar of Channapatna, is promoted to the 1st grade on Rs. 70, *vice* Sitaramaiya appointed 5th grade Amildar.

8. Súrappa, 1st class Sheristadar of the Sira Taluk, is appointed Deputy Amildar of the 2nd grade and is posted to Maddur.

ORDER.—The following Notification will be published for general information and guidance.

II. The Deputy Commissioner shall cause any inam village in respect of which an arrear is due, to be attached, and arrange for its management by the Amildar of the Taluk in which it is situated, on behalf of the Government.

III. IV. The Deputy Commissioner shall cause a detailed survey and settlement to be introduced into any inam village attached and taken under Government management under Rule II.

V. The Deputy Commissioner shall be entitled to manage the village attached and to receive all rents and profits accruing therefrom to the exclusion of the inamdar or any of the sharers thereof, until the Deputy Commissioner restores the said inamdar to the management thereof.

Proceedings of the Dewan to His Highness the Maharaja of Mysore, (Revenue),—dated 21st November 1883.

READ—

Petition dated 30th October 1882 from Sambugauda of Sontanahalli in the Yedatore Taluk, complaining that a piece of Government land in his occupation, for which he pays revenue to Government, has been ordered by the Court of the Hunsur Munsiff to be made over to the inamdar of Sarvamanyam Waddarhalli village.

Letters Nos. 534 and 466 of the 6th February 1883 and 3rd November 1883, respectively, from the Deputy Commissioner, Mysore District, reporting upon the above petition.

No. 4469—192, DATED 21ST NOVEMBER 1883.

ORDER THEREON.—The Munsiff's decision giving the land in question to the inamdar was evidently passed without reference to the rights of Government and is based chiefly upon the entry of measurement in the schedule attached to the sanad granting inam. Such decision cannot bind the Government, and it is clear that the Deputy Commissioner has not yet taken the required steps to protect either the Government revenue or the ryot holding under Government.

2. It is obvious that petitioner should not pay a rent to Government and another to an inamdar for one and the same land. The Deputy Commissioner must *at once* fully enquire into the fact whether the land in question is really Inam or Sirkar. If, from such enquiry or from the accounts and previous correspondence already forthcoming, he is satisfied that the land is Sirkar land, he should attach and resume it, and direct the inamdar, by written injunction, to abstain from exercising any right over it, or from collecting any rent or revenue from the Government occupant thereof. Such an injunction will have the effect of severing all connection of the inamdar with the land.

3. The inamdar's clear duty was to have applied to Government, if he thought that the land, being inam, was being treated as Sirkar land by the local Revenue authorities.

4. The Civil Courts have no jurisdiction to adjudicate as to whether a land is or is not inam. Government alone can decide such questions.

Secretary.
